

**ASPECTA PROVIDES DESIGN & INSTALLATION VERSATILITY WITH A NEW RANGE OF  
DECORATIVE LVT FLOORING: ASPECTA TILT & TONES**

NORWALK, CT – Building upon the foundation of the Aspecta One, Aspecta Five, and Aspecta Ten portfolios, **Aspecta Tilt & Tones** -- the latest commercial LVT design breakthrough -- pairs four new geometrically and biophilically inspired **Tilt** tiles with the neutral **Tones** tile palette to achieve custom looks.

The 24" x 24" tiles in this collection are presented in four color groups, each consisting of 4 unique **Tilt** tile designs that can be paired with 2 companion **Tones** tiles. Together they create a random, intriguing and playful motif suitable for Hospitality/Restaurant, Retail, Workplace, and Education/Institutional environments.

A dual design insight was the basis for creating the Aspecta Tilt & Tones collection. **Tilt** was inspired by hard-edged angles and lines – geometric shapes created in shadows that the sun casts on outdoor surfaces such as rocks, deserts, beaches and meadows – as well as reflecting defined patterns of repetition and scale found in nature. **Tones** evolved from the look of fabric-embossed ceramics and natural stone-based colors, expressed in neutral colorways. The range reflects Aspecta's immersion in Biophilic Design as an influence in the creation of its ever-evolving product lines.

## TILT & TONES COLOR GROUPS: Variety of compatible neutral palettes

Designers and architects can choose from 4 different colorations of Tilt tiles and 2 Tones tiles in 4 separate color groups. By mixing and matching Tilt designs and Tones colors, contrast and impact can be easily achieved: creating seating areas, wayfinding, borders, or unique combinations of “field tile” all-over color (**Tones**) with the graphic tiles (**Tilt**). Either stay within one color group or create new combinations by intermixing Tones colors and Tilt patterns from other groups.

**GRANITE** – A grey-taupe range captures the visual sensation of softly marbled stone

**PUTTY** – Classic neutral earth tones evoke comfort and security

**PEARL** – A blend of neutral grey undertones suits a wide range of applications in color and texture

**VELLUM** – The Antiquarian look evokes the sense of time and place found in old books and manuscripts

Profile colors used by contract office manufacturers were cross-referenced to develop the Aspecta Tilt & Tones flooring as a neutral background and foil for accent textiles, paint colors, furniture and office systems. The stone quality of the design makes a versatile palette to achieve balance in a wide range of interiors.

## DESIGN MEETS PERFORMANCE

### SPECIFICATIONS

Aspecta Tilt & Tones in the dryback/gluedown option offers a 22 mil wear layer in a 2.5mm gauge, back by a 20-year non-prorated commercial warranty and 10-year prorated labor warranty. The proprietary new Duraspect™ commercial surface protectant, an advanced polymer finish, provides improved and unsurpassed stain repellency and abrasion resistance.

### ABOUT ASPECTA

*Aspecta's commercial LVT offering has introduced six LVT collections since the brand's inception: Aspecta One, Aspecta One Ornamental, Aspecta Tilt & Tones, Aspecta Five, Aspecta Ten, and Aspecta Contours - providing architects, designers and end users with an extensive range of options in over 200 designs. All feature high-quality surface textures, excellent design and color, durability and warmth underfoot: the hallmarks of the entire portfolio. Extremely easy to maintain, Aspecta is ideal for built environments with high footfall.*

*All Aspecta flooring products carry Declare<sup>SM</sup> labels, Health Product Declarations<sup>®</sup> (HPD) and Environmental Product Declarations (EPD) for the entire Aspecta line. Aspecta has also achieved BES 6001, a European standard for responsible sourcing of construction projects with a focus on the production process. Aspecta has achieved ASSURE CERTIFIED industry-wide, uniform standards for rigid core LVT safety, quality and performance.*

*Aspecta is a proud member of HMTX Industries, a global manufacturer of building materials that serves a diverse cross-section of the construction marketplace. An \$800M family of companies, HMTX includes: Halstead, the leading supplier of resilient flooring to The Home Depot; Metroflor, its signature residential brand in North America; Teknoflor, the focused health-care and institutional brand; Aspecta, its high-end global contract brand for architects and designers; and Vertex, the supply-chain foundation of the HMTX family of companies that serves customers outside of North America with a full portfolio of resilient flooring products.*
